TRANSFORM YOUR GYM INTO A COMPLETE FITNESS AND WELLNESS HUB

BALANCE

is in the business of building wellness ecosystem and is a sister concern of ...

400M Indians have health related conditions

Like Diabetes, Thyroid, PCOS and so on.

GO TO THE GYM

0.3% i.e. only 5 Million of total Indian population

Only 5% of Women in India Go to the Gym– **But 1 in 4 urban woman i.e. 60Million are in the need segment.**

101M Diabetes

119M Obesity

42M Thyroid

52M PCOS

52M Cardiovascular Disorder

more Across other conditions

THEN, WHY IS THE GYM MARKET STILL SO SMALL?

Health and fitness market is divided into 2 SEGMENTS

"NEED" Segment

20+ years (mid-age)

Willingness to pay ✓

Capacity to pay ✓

Loyalty ✓

There is a crying need for **a solid expertise & trustworthy solution.**

Why are they there?

"FEEL & SEE" Segment

20+ years (youth)

Willingness to pay ✓

Capacity to pay ✓

Loyalty ✗

Willing to pay but deals to not **pay overcharge body & overall tools.** – Its Discretionary

What they want?

WHY ARE GYMS NOT ABLE TO ATTRACT THE NEED SEGMENT?

Despite India's growing focus on fitness, gym memberships remain a niche segment, why?

Gyms are seen as for **conditioned body** *and are quite intimidating for need based people*

Gym is a facility based solution, but what they need is **solid expertise.**

WHAT DOES THIS NEED SEGMENT WANT?

- A solid, trustworthy expertise
- A champion who can inspire confidence
- A very structured programs offering delivery and engagement that is tailor-made to them
- Nutrition and lifestyle plays a 90% role in and fitness programs but more so in this segment

THE OPPORTUNITY
PAIR FITNESS WITH NUTRITION!

Balance nutrition's **technology, programs, delivery system, mindset, and its very DNA** is fully built for the need based segment
